**Summary of Comments (ISO/TC 215/N64)**  
**(Does not include list of experts which are included separately)**

<b>WG/ITEM</b>	<b>NMB</b>	<b>Section</b>	
<b>WG 4</b>			
Public Key Infrastructure Technical Specification (ISO/TS) (NP 17090)	Australia	Scope	Australia requests that the New Work Item Proposal be changed from a Technical Specification to a Technical Report
	Germany	Standards, regulations, referenced documents.	DIN 30735-3 撤public transport passenger information -Part2: Informaton for the sale of • , DIN EN ISO 11568-1
	Japan	CD or DIS?	Just draft items for 撤public Key Infrastructure” are proposed. Details must be filled after much discussion . WG4 new work item proposal requests a deliverable of Technical Specification (ISO/TS)
	Spain	Standard, regulations, referenced documents	UNE-ENV 12388
	United Kingdom	Standard, regulations, referenced documents	The UK requests that note be taken of relevant JTC1 standards and the requirements of the EU Data Protection Director and the Council of European recommendations on the protection of medical data.
	United States	Scope	The U.S. votes affirmatively, contingent upon a change in scope. We recommend that the scope statement be modified to include the first sentence only.
